Personal Projects

My Portfolio Website

Description: I Designed and developed a personalized portfolio website to showcase a diverse range of professional projects and achievements. Leveraged web development skills to create an engaging online presence, highlighting my skills, expertise, and accomplishments in a visually appealing and user-friendly format. Utilized web technologies to enhance interactivity and user experience, creating a valuable resource for potential employers and collaborators to explore my work and qualifications.

Tools: VS Code, GitHub Technologies: HTML5, CSS JavaScript

Lofi-Environment

Description: Conceptualized and executed a multimedia project, "Lofi Environment," combining audio and visual elements to create a calming and immersive digital experience. Crafted a unique blend of ambient sounds and soothing visuals, fostering relaxation and creativity. Utilized technical skills to design and develop an interactive digital platform, providing users with a serene escape from the daily hustle and bustle. This project demonstrates creativity, multimedia production, and a commitment to creating engaging digital environments.

Tools: VS Code, GitHub Technologies: React.js, MongoDB, NodeJS, Typescript.
